LED

Conico Poles

Octagonal Poles are used to securely illuminate private residential areas, commercial and industrial locations. The street lighting pole range is designed with an outreach arm, in either single or double arrangement, as per customer specifications.

Areas of Application

Street Lighting
Airports
Railways
Decorative Lighting
Sports Lighting
Shopping Centres
Hotels

Advantages of

Ease of Installation
Galvanized for longer life
Maintenance Free
Sleek and Beautiful Design

Hot Dip Galvanized Conico Poles

Product Description

- Simple and fashion design, with Best Quality
- The lamp body height will be 4.Mtr(can be customise)
- Special optical and thermal issue structure design, & we make sure the light works efficiently and reliab
- The light source we use is Powered by Osram LED & Driven by Mean-Well LED Driver
- Smart Pole installation at
 Airport/Railways/Metro
 Mall/Stadium
 Luxury apartment
 Parks & Play ground
 Highways & Roadways

Features and Technology

- LED Light up-to 200W with light controller
- Wifi - Auto connectivity from 1 pole to another pole
- Weather Monitoring
- LED Display
- Inbuilt Camera
- PAS- Public Announcement Service
- SOS calling
- UV Car Charging

Application & Usage of Smart Street Light

- Airport's Lighting & Public Announcement
- Highway and Roadway Lighting & Advertising Purpose
- Park & Playground Lighting and Safety by Camera Access
- Outdoor Security Lighting with SOS Calling system
- Railways & Metro Station Wi-fi system & Advertising purpose
- Malls & Shopping Centre for safety Camera & Advertising purpose

Many Places are now being installed with Smart Lighting Pole because we have great market for Smart City and Safety precaution taken by our government with advertising media for our display inbuilt module

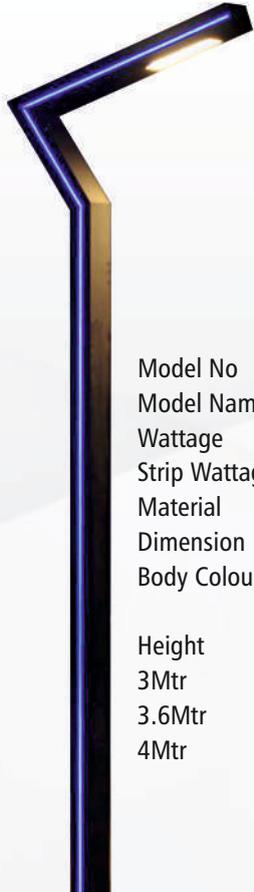

The advertisement features three modern streetlights against a night cityscape. The first light on the left has a red vertical stripe and two white horizontal light bars. The middle light has a blue vertical stripe and a blue hexagonal light fixture. The light on the right has a green vertical stripe and a white horizontal light bar. The background shows a large, ornate building with a clock tower and a fountain in the foreground.

Solar Lighting Pole

Material and Technology

- The product design is customization with fashionable & elegant design for our city beautification
- The lamp body using mild steel, with Hot Dipped Galvanised & PP-TEX Powder Coating and heavy aluminium heat sink PCB for best quality grade
- The Light Source with high quality LED Chip and best power supply for long life
- Dusk-to-Dawn technology & Power Regulator system inbuilt
- Auto Dimming feature with self light control system
- Plug & Play Series, as easy to instal and convenient to use

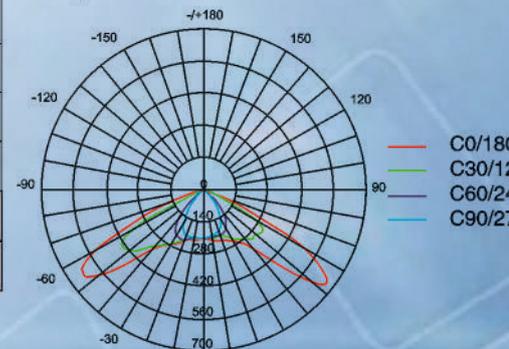

Technology information

Product Code	MP-9201
Lamp size	 60x120mm
Product height	3M-6M
Power	30-60W
Lamp material	Mild Steel with Hot Dipped Galvanised
Color temp	3000K / 6000K
LED chips	BRIGDELUX / OSRAM
Lens angle	120°70°
Solar Panel	50-100W
Battery Type	Lithium Iron Battery
Charge Time	00-00 Hrs
Working Time	20 Hrs
Protection levels	IP65

Light Distribution Curve

Application & Usage of Solar Street Light

- | | |
|------------------------------|----------------------------------|
| Airport's Lighting | Public garden |
| Highway and Roadway Lighting | Villa Garden |
| Park & Playground Lighting | Plazas |
| Outdoor Security Lighting | Apartment of roads |
| Railways & Metro Station | School & college premises & etc. |

Many Places are now being installed with Solar Lighting because they are easy to install with No conventional electricity cost
